Anti Doping Policy

Performance Enhancing Substances

- a. The use of chemical or other substances to enhance the performance of a competitor, or which could give a person an unfair advantage over other competitors, is strictly forbidden in all MLAIC Championships and competitions.
- b. The MLAIC, although supporting the World Anti-Doping Agency Code, will not itself conduct doping tests, but will accept the findings of tests carried out by the Anti-Doping Agents of Governing Bodies of host countries and disqualify or ban, depending on the circumstances, the users of performance enhancing substances.
- c. However, positive tests following the use of life supporting medicines shall not result in punitive measures.
- d. Due regard will be given to the medical needs of competitors
- e. Competitors taking medication, for life threatening conditions that may possibly contravene the WADA Code, shall provide evidence that such conditions exist upon request.

This policy was approved by the MLIMLA Board of Directors on ____ April 23, 2024.
